

BELIEVE PLAN OF SETTLEMENT WILL SATISFY MINERS

Operators Hope Will Pave Way to Final Agreement

(By The Associated Press)
CHICAGO, Dec. 5.—A plan of settlement, unanimously agreed upon by representative coal operators from fifteen bituminous states today, will pave the way, they predicted for an understanding when they meet with the miners' representatives tomorrow which will lead to a wage settlement.

While the details of the plan would not be given out, operators intimated that they had made concessions to make the plan attractive to John L. Lewis, union president.

The plan was first drafted by a committee composed of Charles O'Neill and J. H. Sanford, representing Pennsylvania operators, Hugh Shirkley, Indiana; Rice Miller, Illinois; Harry Taylor, South-west and E. S. Brooks, Wyoming.

This committee represented a plan, operators said, based on district settlement with the privilege of states grouping for any group settlement they might agree to, and carrying arbitration and a sliding scale of wages based on the market price of competing coal fields.

Following submission of this report the committee was ordered to rephrase parts of it but operators said little objection was voiced against the essential features of the plan and it is expected a plan along these lines will be submitted to Lewis and the miners' representatives tomorrow.

"I feel confident that our plan has good germ of settlement in it," said Phil Penna, of Terre Haute, chairman of today's meeting.

When mother gave us sulphur when we were children she gave us cream with it to make it taste good. We believe we've added enough cream to this plan to make it acceptable to the miners."

The plan to be submitted to the union representatives tomorrow was reported tonight to contain three basic provisions as follows:

1. Each of 15 districts would be left free to negotiate a plan to suit its liking. Under this arrangement the old four state central competitive field agreement might be revived, it was said.
2. An impartial tribunal will be set up to dispose of all disputes.
3. A sliding wage scale would be put into effect instead of the fixed uniform scale now in force.

WILL DEBATE ABOUT NEW CONSTITUTION

William McGinley, Chicago Attorney Will Present Arguments In Opposition—Meeting Arranged By Chamber of Commerce.

President J. H. Dhl of the Chamber of Commerce Forum has completed the arrangements for a debate on the subject of the new Constitution, to be held on Thursday evening, December 7th at the High school auditorium. The meeting is arranged by the Chamber of Commerce and is open to the public in order that the people may have the opportunity of fully understanding the different phases of the new Constitution. The debate is to be held at the high school auditorium because it is believed that the Chamber of Commerce rooms will be too small to accommodate the audience.

The speaker for the negative side of the question is to be William McGinley, of Chicago, an active Chicago lawyer and a graduate of the University of Illinois. He was elected and served in the Illinois legislature in 1913, and comes to Jacksonville well qualified to speak on this subject. A speaker on the affirmative side is to be secured.

The meeting Thursday night will be called to order at 7:45 o'clock. A special invitation has been extended to the Trades and Labor Assembly to attend the meeting in a body. The Jacksonville public is cordially invited and urged to be present at this debate.

WILL INSPECT MINE AT JOHNSTON CITY

Peoria, Ill., Dec. 5.—Peter Grant, one of the miners' representatives of the Illinois Mine investigation commission will leave tomorrow morning for Johnston City, Ill., to inspect a mine where an explosion occurred recently. With other members of the commission he will later investigate the explosion in a Gillespie mine.

JOHN WANAMAKER SHOWS IMPROVEMENT

Philadelphia, Dec. 5.—The condition of John Wanamaker, ill at his home with a heavy cold, showed such marked improvement tonight that the attending physicians announced only one bulletin a day would be issued in the future.

PRIZES AWARDED PERCHERONS AT LIVESTOCK SHOW

Rectorat, Maryland Horse, Wins in Senior Class

(By The Associated Press)
CHICAGO, Dec. 5.—Rectorat, a Percheron, entered by the Chestnut Farms, of Walkerville, Md., is monarch of all he surveys among the senior stallion Percherons assembled at the twenty-third International livestock exposition.

Competing in a record field today, the animal was awarded the grand championship which entitles him to the same distinction in his breed that was bestowed upon Chenoweth Jock, chosen as the grand champion steer, the day before.

To Jerome entered by the Highland Farms, Greensburg, Pa., went the reserve championship.

Hesitation, nominated by W. H. Butler, Woodside Farms, Sandusky, Ohio, took the championship among junior Percheron stallions while the stable of J. O. Singmaster and Sons, Keota, Iowa, produced the finest group of five Percherons any age.

Carval, entered by W. Harvey Smith of Boswell, Ind., was awarded the championship among the senior Belgian mares, three years and over.

The sweepstakes in oats was won by J. W. Biglands, of La-comb, Alberta. First honors in rye, which amounts practically to the same as a sweepstakes, went to John Lucas of Cayley, Alberta.

The Oklahoma A. & M. college won the Bob Evans trophy awarded the grand champion pen of barrows in the Tamworth swine division.

The same institution also took the title in the Duroc Jersey barrow class.

CONSPIRACY TO VIOLATE PROHIBITION ACT IS CHARGED

Indictments First Step to Break up Smuggling Ring

(By The Associated Press)
CHARLESTON, S. C., Dec. 5.—Federal indictments charging eight men with conspiracy to violate the federal prohibition act, returned here late today, were described as the first step in an effort to break up an alleged widespread smuggling scheme backed by considerable wealth. The men indicted included Edward Trattner of New York, Louis Kanter, Detroit, four Charleston men and two whose addresses were not given.

The indictments grew of the seizure in June of 200 barrels of whisky billed as white potatoes on a lighter in Green Creek behind Cola Island, and of a carload of liquor billed as lumber and consigned to a point in Canada a month later.

M. S. Sullivan of Charleston, a machinery sales agent and former promoter of sporting events, was arrested shortly after the first seizure and held for trial in federal court. The other arrests were made later.

Kanter was required to give bond of \$5,000 at a preliminary hearing here and Trattner's bond was fixed at \$2,500 at a similar hearing in New York.

Sullivan, after being held for federal court action, was taken to a state court and ordered to serve a suspended sentence imposed on him some time previously for violation of the state prohibition law. His appeal is pending in the state supreme court.

POTTERS STRIKE IS DECLARED OFF

(By The Associated Press)
PITTSBURGH, Dec. 5.—The strike of employees of companies represented in the United States Pottery association was called off tonight after a lengthy conference between operators and union delegates. The men agreed to return to work immediately at the old wage scale. They struck on October 1, after the operators had rejected their demands for a seven per cent increase in salary.

GOOD MUSICAL COMEDY AT GRAND

Musical comedy, "The Red Widow," presented by Manager Scott at the Grand opera house Tuesday night, George Demeral and Myrtle Vail headed the capable presenting company. "The Red Widow," proved to be a clever combination of musical comedy and light opera. The music is of a catchy kind and the costumes and scenery add to the attractiveness of the presentation. There is enough of a plot in "The Red Widow" to maintain interest and the whole production as given here Tuesday night was of a satisfying kind.

IN SHERIFF'S OFFICE

W. C. Green, who was for several years chief deputy in the Morgan county sheriff's office, is now there temporarily. Sheriff Wright secured the services of Mr. Green for the opening weeks of his term of office. Mr. Green held the position under four or five different sheriffs, both Republican and Democrats.

PRESIDENT BREAKS EARLY PRECEDENT OF THE REPUBLIC

Fails to Deliver Annual Message to Congress Monday

(By The Associated Press)
WASHINGTON, Dec. 5.—A precedent established early in the history of the Republic was broken by President Harding today when he failed to deliver his annual message to congress which was convened in regular session yesterday. It has been the custom for the chief executives to deliver their messages in person or in writing on either the first or second day of a session, and according to officials at the capital the only time this practice has been broken heretofore was in 1855 when President Pierce deferred his message until the last day of December because of the inability of the house to organize.

At the white house it was stated the president probably would deliver his message on the state of the union, Thursday or Friday. Officials did not indicate the cause of the delay, although it was understood that the executive was weighing carefully the program he would outline before congress.

Pressure of public business was believed to be in part responsible for the delay but there also were intimations that the president, because of recent official discussions felt it would be the part of wisdom to give a few more days study to certain questions.

There was a suggestion that among these questions was a plan for legislation to aid the farmers.

MRS. CLARA PHILLIPS MAKES HER ESCAPE

LOS ANGELES, Cal., Dec. 5.—Armour L. Phillips, whose wife, Clara Phillips, convicted murderer, escaped from the county jail last night appeared at the office of her attorney late today and sent word to the sheriff's office he was ready to be interviewed about the escape.

Phillips later made a statement in which he said he knew nothing about the escape or where his wife had gone. He gave a detailed account of his movements for the past 24 hours.

The escape of Mrs. Phillips, under sentence to serve from 10 years to life in the state penitentiary for the murder of Mrs. Al-berta Meadows, was so well planned and executed that it remained unknown for more than six hours. Mrs. Phillips, after effecting her escape with the aid of three or four persons outside the jail, apparently went in an automobile with those who aided her and disappeared from sight.

Three steel bars guarding the window in her cell were sawed thru from the inside. Then a square of heavy mesh netting was cut out and thru the two foot opening the young woman climbed and made her way over adjacent roofs of other parts of the jail down thru a trap door and out to where liberty and an automobile awaited her.

The sheriff dispatched deputies to all ports along the western portion of the northern boundary.

He also caused the main roads out of Southern California to be guarded and placed guards at every depot to scrutinize outgoing passengers.

Investigation indicated that at least three persons had aided the woman. Her quarters were on the third floor of the old jail building and she occupied a tank cell overlooking an auxiliary structure, a story lower. Footprints and other marks on this roof led the deputies who investigated that angle of the escape to announce their belief that at least two persons aided her on the roof and that one or two more awaited them in an automobile at the street level.

The county jail stands in the main business section. It is within a block of the federal building where postal activities are continuous. Street cars passed on the side even in the quiet hours of the night, taxicabs ply over the street. There are always jailers and matrons on duty and a glare of street lamps surrounds it.

ROCK ISLAND OFFICER COMMITTS SUICIDE

ROCK ISLAND, Ill., Dec. 5.—Charles Ginnane, a detective attached to the Rock Island police department committed suicide by shooting this afternoon at his home. Ginnane had been brooding since the beginning of the local investigation by Attorney General Brundage as a result of which a number of indictments involving officials and politicians have already been returned.

Ginnane for four years was the bodyguard of Thomas Cox, chief of police who resigned yesterday following his indictment on charges of theft and graft. It is said Ginnane feared that he was also to be indicted. He was 45 years of age and unmarried.

The Day In Washington

(By The Associated Press)
Nomination of Pierce Butler to be an associate justice of the supreme court was returned to the senate by President Harding.

The interstate commerce commission approved plans for the reorganization of the Missouri, Kansas and Texas railroad now in receivership.

Delegates to the central American conference devoted the first business session to discussion of procedure and agenda and approved, subject to final adoption, rules similar to those of the Washington arms conference.

The Harding administration during its tenure, it was stated at the white house will firmly oppose the acceptance by the United States of any mandates.

President Harding broke a precedent by permitting the second day of a new congressional session to pass without delivering his message, but it was said he planned to address congress later in the week.

Favorable reports of a resolution to amend the constitution to permit direct election of the President in his inauguration in January and the convening of each new congress two months after the biennial elections was made by the senate agriculture committee.

President Harding and his cabinet discussed the immigration situation at length.

HARDING RETURNS NOMINATION OF BUTLER TO SENATE

Forces Prepare to Fight for and Against Confirmation

(By The Associated Press)
WASHINGTON, Dec. 5.—Return by President Harding today to the senate of the nomination of Pierce Butler, St. Paul attorney and a Democrat to be an associate justice of the supreme court, was followed by immediate preparations of senate forces to fight for and against his confirmation.

The intention of the administration to press the appointment of Mr. Butler was seen in the re-nomination despite failure of confirmation yesterday.

On the return today of Mr. Butler's nomination, Chairman Nelson of the judiciary committee immediately called a meeting for tomorrow in an effort to hasten action toward confirmation. Senator Nelson, who is the leader of the forces favorable to Mr. Butler, received a request from Senator-elect Shipstead, Farmer-Laborite, of Minnesota to be heard in opposition to Mr. Butler.

The committee will discuss procedure tomorrow.

The committee chairman also conferred today with a former professor of the University of Minnesota regarding charges against Mr. Butler in connection with his administration as a university regent. The professor also was said to desire a hearing.

FOUR ACRES OF LAND SLIDES INTO LAKE

(By The Associated Press)
SUPERIOR, Wis., Dec. 5.—The disappearance of an entire point of land 30 feet high and four acres in area into the Upper Big Eau Claire lake one of a chain of four lakes located 18 miles east of Gordon, Wis., and named summer resort today held the attention of geologists of this section. The land disappeared beneath the water of the lake some time last Thursday night or early Friday morning.

Professor J. A. Murrell, president of the Superior State Normal school and widely known as a geologist, is unable to account for the peculiar slide.

A large boat several floor tent bottoms and other camping apparatus were lost in the slide.

PRIZE CHICKENS STOLEN IN CHICAGO

(By The Associated Press)
CHICAGO, Dec. 5.—Prize chickens valued at \$20,000, which Frank Gloeck of Mount Olive, Ill. was to have exhibited at the poultry show in the Coliseum were stolen from the Illinois Central depot today.

There were 59 Leghorn and Plymouth Rock fowls in the crates.

When Mr. Gloeck, called at the depot to get them he was informed that two men had taken the crates and he found that his name had been forged to the receipt.

Big Stock Dividends Announced Yesterday

(By The Associated Press)
NEW YORK, Dec. 5.—Stock dividends totalling \$91,500,000 were announced today by seven large industrial corporations and banks bringing the total stock dividends declared in the last few months to more than \$1,500,000,000. These sums in virtually all cases have been provided for out of undistributed surplus, apparently in anticipation of unfavorable tax legislation in the next congress.

The Studebaker Corporation increased its capitalization \$15,000,000 by declaring a 25 per cent stock dividend. Directors expected that the customary annual per cent dividend would be continued.

The Vacuum Oil company distributed \$15,000,000 of surplus in the form of a 300 per cent stock dividend. The William Wrigley, Jr. company declared a 100 per cent stock dividend of \$1,500,000 to common shareholders.

CLEMENCEAU IN SOCIAL CALL OF COURTESY TUESDAY

Spends Forty Minutes at White House with President Harding

(By The Associated Press)
WASHINGTON, Dec. 5.—Georges Clemenceau visited the white house today and talked with President Harding for 40 minutes but the subject nearest his heart, American participation in European affairs, was not discussed.

The visit was described at the white house as merely a social call of courtesy.

The tiger said tonight it was "a delightful visit," during which he gave the president his views about European conditions in general. He emphasized that he did not ask the president for any assurances, pointing out that he was merely a private citizen of France.

If Clemenceau's picture of conditions overseas had any effect on the administration's foreign policies, it was not indicated in comment at the white house later.

With respect to the Lausanne conference, a full participation in which has been suggested by Clemenceau, the president was said to feel that ever proper influence of this government and this influence was described as great already was being exerted in a manner believed to be in harmony with the best judgment of the world's statesmen in touch with the situation.

Concerning American mandates over territory once a part of the Ottoman empire, the president was said to "rejoice" that the United States had not assumed such a responsibility.

Clemenceau apparently enjoyed his talk with the president. He was smiling broadly when he emerged from the executives of the French government. But his smile vanished when he saw the battery of motion picture photographers and still camera men. He posed for a moment with a frown and then muttering something to Ambassador Jusserand, entered his limousine.

The visit to Woodrow Wilson's home was postponed until tomorrow afternoon to serve the former president's convenience and the tiger went sightseeing.

Ambassador Jusserand took him first to the Lincoln Memorial, where he stood for several minutes in silence before the heroic figure of Lincoln. Then he read the Gettysburg address on the marble wall. He also paused to read Lincoln's last inaugural address.

Clemenceau was then driven to the Washington monument and to the zoological gardens where the tiger expressed a desire to see the bears. He made the complete round of the bear dens, stopping before nearly every one to read the descriptive cards and to grant an occasional comment to M. Jusserand.

Secretaries Hughes, Mellon, Weeks and Denby and Major General Tasker H. Bliss, retired, met him at luncheon. Then he started on a round of social calls.

POLICE AND MINERS BATTLE IN CANADA

(By The Associated Press)
Edmonton, Alta., Dec. 5.—Fighting between provincial police constables, miners and mine pickets occurred last night and early today at several of the mines in the Edmonton district as the result of the pickets endeavoring to force the workers who have not obeyed the strike call from entering the mines.

Two provincial policemen were struck and injured by flying missiles and there were many assaults by fists, sticks and stones. Additional police will be on duty at all mines tomorrow morning it is stated here.

A second mine was closed today as a result of the strike when officials of the Clovergar suspended operations.

SIXTY THOUSAND BUSHELS OF WHEAT LOST

Utica, N. Y., Dec. 5.—Five barges carrying 60,000 bushels of wheat were caught in a terrific wind storm on Oneida Lake, off Lewis Point today and are believed to be a total loss.

Three vessels were washed ashore at Verona Beach and the other two were reported drifting toward Sullivan beach. Efforts were being made by life savers to rescue four of the crew. The boats were owned by the Inland Marine corporation of New York.

PEORIA THIEVES GOT THE WHISKEY

Peoria, Ill., Dec. 5.—Peoria thieves are responsible for the theft of 35 barrels of bonded whiskey at the old Globe Distillery in Pekin, Group Chief Rigg of the prohibition forces said tonight.

After investigation he said the whiskey was shipped into Peoria by gasoline launches. He found traces where the barrels had been rolled to the river bank on the Tazewell county side of the Illinois river.

BLIZZARD SWOOPS DOWN ON NORTHWEST AND PLAINS STATES

Weather Bureau Says Will Be Followed by Heavy Snow

(By The Associated Press)
CHICAGO, Dec. 5.—With a blizzard whipping the upper lakes into a fury, winter today closed down on the northwest and plains states, the cold wave reaching eastward to the Appalachian and southward to the gulf states, the mercury touching zero or below in portions of Montana and North Dakota.

Suddenly breaking a fall period notable for its springlike temperatures, the chill blasts played a prelude to heavy falls of snow which, according to the weather bureau will extend tomorrow over the northern Rocky Mountain region and reach eastward to Southern Minnesota and Iowa by Thursday.

While the fall in mercury experienced in the west was not so marked in the east a severe wind storm min New York state swept over Lake Oneida today knocking several grain laden barges. At the same time a sixty mile an hour blizzard accompanied by freezing temperatures was sweeping from White Fish Point to Sault Ste. Marie, driving all shipping to shelter, kicking up mountainous waves, capsizing a coast guard boat, blowing the water in the lower part of the river at the Soo to the lowest level ever recorded and piling the snow in places three and four feet deep in the upper peninsula.

From Duluth it was reported that the gale had reached the velocity of 40 miles an hour, but that all ships had been accounted for.

The blizzard extended as far west as Seattle, Washington, where two halibut schooners were reported long overdue from the storm swept waters of the Hecate straits. In Lake Michigan three or four steamers had not been located at a late hour tonight but it was believed that they had succeeded in reaching shelter.

With a temperature of 16 below zero, Havre, Mont., tonight was reported as the coldest place in the country. But even the Sunny South felt the drop in temperature, the cold wave covering the entire upper Mississippi and Missouri valleys and extending as far south as points in Texas and Tennessee.

SELECTION OF HERRIN JURY IS MOVING SLOWLY

Eight Chosen—Three Tentative Jurors in Box

(By The Associated Press)
MARION, Ill., Dec. 5.—Examination of veniremen in the selection of a jury to try five men in connection with the Herrin mine riots proceeded slowly today and when court adjourned the defense had accepted tentatively three prospective jurors for the last panel.

Eight have been chosen. Of the last three prospective jurors held by the defense only one of them is said to be favorable to the state. He is Nathan Pendland, a farmer who previously was tendered by the state in a panel which was broken by the defense. The other two are said not to be acceptable to the state.

Despite the slow progress of the jury selection, court officials tonight expressed the opinion that the jury may be completed before the end of the week. Ed Hendrickson, a farmer was the first talsman to appear in court wearing a stiff white linen collar. He was excused when it was found he held an opinion in the case.

COURT RESERVES DECISION IN FORD CASE

(By The Associated Press)
NEW YORK, Dec. 5.—Decision on an application for an order to permit examination before trial of Henry Ford, as president of the Detroit, Toledo & Ironton Railroad company was reserved today by Supreme Court Justice Gavegan. The permit was asked in connection with injunction proceedings brought by minority stockholders of the road.

PROGRESSIVES WOULD CHANGE CONSTITUTION

Plans Hit White House Opposition Early in Proceedings

(By The Associated Press)
WASHINGTON, Dec. 5.—Members of the new progressive bloc in congress got into action today but ran into a white house opposition.

Led by Senator Norris, Republican, Nebraska, bloc members sitting on the senate agriculture committee obtained a favorable report for a constitutional amendment providing for abolition of the electoral college and for direct election of president and vice president and for abolition of the long period of time unusually elapsing between a congressional election and the regular meeting of the new congress. Such an amendment forms one of the planks in the platform adopted by the bloc at its organization meeting.

Opposition on the part of President Harding to any such change in the constitution was expressed by a white house spokesman soon after the committee resolution was laid before the senate and assigned to a place in the calendar. Some administration leaders likewise voiced their disapproval and tonight it appeared that any efforts by the bloc to press the proposal might bring on a fight which would test the power of the progressive faction.

The proposed amendment would provide specifically that "the choice of each state for president and vice president shall be determined at a general election for qualified electors of such state," thus permitting voters to cast their ballots directly for President and vice president.

The vote would be canvassed by the senate and house meeting in joint session. If any canvass by states should disclose lack of majority, then the president would be chosen by a majority vote of the house "from the persons having the highest numbers not exceeding three on the list of those voted for as president."

The vote for vice president would be canvassed in a similar manner except that in event of no choice by majority of the voters the senate would select that official as between the two persons receiving the largest number of votes. The committee in reporting the amendment resolution thru its chairman, Senator Norris, pointed out that the proposed system might result in the election of a president and vice-president from different parties—"a matter of fundamental justice we ought to be protected by the law in taking x x x should we desire to do so."

The amendment would provide further that the terms of senators and representatives should begin the first Monday following the biennial congressional election and that congress should meet each year on that date. This would wipe out the session of the old congress after the biennial election.

Another provision of the amendment would be to change the date of inauguration of the president from March 4, to the third Monday in January.

White house officials reported the president as feeling that constant changes in the constitution were unnecessary and in some cases unwise. Mr. Harding, it was said, regarded the present procedure under the constitution whereby a new congress does not meet for more than a year after its election as one of the wisest steps taken by the nation's founding fathers, as it allows passions to cool.

The agriculture committee took an opposite view, its report declaring "the present condition of affairs is not only unfair to the citizenship at large who have expressed their will as to what legislation they desire but it is likewise unfair to their servants whom they have elected to carry out this will."

INDIANA FARMERS WIN CORN HONORS

(By The Associated Press)
CHICAGO, Dec. 5.—Indiana farmers won 48 of the 50 places in the yellow corn contest at the International Grain and Hay show today. Ohio and Iowa received one place each in this class which was for region three of the north half of the corn belt. More than 300 ten ear entries competed.

Despite Indiana's good showing in this class, judges declared tonight that the \$10,000 prize money donated by the Chicago Board of Trade was being evenly distributed thruout the grain belt.

new constitution for Illinois. Certainly there is something indicative in this fact that Chicago feels the adoption of the constitution would curtail its influence and increase that of the down-state areas.

The shooting affray early Monday morning in which members of the Jacksonville police force engaged in hard practice with two bandits carries the suggestion that even in quiet Jacksonville service on the police force is a hazardous undertaking. Members of the force displayed courage and a willingness to encounter dangers in the effort to suppress banditry.

Policemen deserve more credit than is sometimes accorded them. In their lives there are days and weeks of comparative idleness, and then comes the hour when dangers lurk in the pathway.

The action taken in the Zachary-Crawford case in the Morgan county circuit court yesterday came as a surprise to the public interested in the case. Judge Smith after hearing the argument presented by the attorneys asking that the indictment be quashed, quickly made up his mind that the motion was in accordance with the law.

The judge's statement, made when his hearing was announced, indicated that the law is plain and that in view of the facts presented that no proper course was open to him other than to sustain the motion to quash. The lawyers for the prosecution realized that this finding was necessary. The effect will be simply to delay the trial to some extent.

The finding of Judge Smith in quashing the indictment against S. T. Zachary brought out some interesting speculation. The proof was presented that the grand jury which indicted Mr. Zachary had not been drawn in accordance with the law, the record not showing that the jury was selected at a regular or special meeting of the county board.

Other indictments, however, were returned by this jury and trials held. Several of the defendants so indicted were convicted and are now in the penitentiary serving their terms. This is the case with Ellsworth Pires, who was indicted and later convicted for the killing of James Gaddis.

However, it is understood that in his case no motion was made to quash the indictment, and it is the opinion of lawyers that no such motion having been made at the trial proceeding, that such a matter could not now be urged in behalf of the defendant.

It is not unlikely that some of those persons who favor the court procedure changes embodied in the proposed constitution,

BERTON BRALEY'S DAILY POEM

Let It Call

By Berton Braley

THE Arctic calls with vigor,
 "Adventurer, come forth!
 Come, tempt the frowning rigor
 Of all the frozen North;
 Amid my tempests tragic,
 Amid my crashing floes,
 There is a wondrous magic
 Only the Northland knows.

"BENEATH the Borealis,
 Where lie the ice-bound ships,
 I hold a frozen chalice
 Against the brave man's lips.
 No draught for those weak-hearted
 Is this I hold aloft,
 My icy wastes, uncharted,
 Soon crush the will that's soft."

THE Northland's call—I hear it,
 It tingles in my ears,
 But fails to rouse my spirit
 With either hopes or fears,
 Let those whose souls are greater
 Seek where the Pole is at,
 I'll hug the radiator
 In my steam-heated flat!

which changes include the abolishment of the grand jury system, will find argument in support of their position in the present local situation.

EASY PICKING

(NEA)
 The song, "Silver Threads Among the Gold," is still piling up royalties tho it was written 48 years ago by Hart P. Danks.

This comes to light in a lawsuit in Brooklyn, N. Y. The famous song is said to have sold 2,000,000 copies.

Between 1915 and 1920, when it had one of its periodical popular runs after a long sleep, it earned royalties of \$50,000.

Danks, the composer, died back in 1903. But his song still lives. Maybe if you come back to earth in the year 2000, you'd find people still singing it—the possibly under a different name, stolen by a plagiarist.

Men live on, in their good and bad deeds, as surely as they survive thru their children.

When Danks wrote "Silver Threads Among the Gold," in 1874, he had no idea what he was starting. He did not even dream that, 19 years after his death, his

widow would be in court fighting over the royalties.

Back of this is a definite principle.

The principle is this: Growth of success, like growth of crops, takes time. Right now we are sowing seed. The real harvest will not come until years later.

Thus the pay we are making today may not be as important as the returns we'll get, later on, from experience we are acquiring today. Young men on their first jobs, and younger ones still in school, should keep this in mind.

Henry Ford, John D. Rockefeller and nearly all other superlative men are cashing in now on early effort.

This law of Deferred Payment or later harvest works another way—reaping the weed-crop of past mistakes.

Many of us cursing our present misfortunes (poverty, sickness or general wretchedness), are placing the blame on the general state of affairs in 1922. Simple truth is, that we may be merely paying the penalty of past mistakes.

The harvest comes surely, whether it is good or bad, whether wheat or weeds.

It may be too late now to rectify past mistakes. But we can prevent their recurrence. The far-sighted man realizes that right now he is building for the

future as much as the present, and that effort which seems fruitless now will yield big profits later.

Live for tomorrow. This is the key to all things really worth while.

HI Y CLUB TALKS ABOUT PEORIA MEET

A meeting of the Hi Y club was held at Northminster church Tuesday evening, with the supper again in charge of the Northminster ladies under Mrs. John Joquin. President Alfred Cranwell took charge of the meeting and asked those who wished to take the induction ceremony, adopted as requisite for full and active membership in Hi Y clubs by the Peoria conference, to indicate their wish on cards placed at their plates for the purpose. A good number indicated that they preferred this to a renewal which could only be considered as establishing associate membership. It is probable that this formal initiation program will be held next week.

The main part of the evening was spent in the discussion of the Peoria conference. J. S. Finley called upon a number of the delegates who spoke on subjects related to the conference. Alfred Cranwell spoke particularly of the meeting of the presidents' club during which the new initiation ceremony was put into practice. Arthur Bergstrom spoke concerning the trip and registration; Robert Brown on the address of Dad Elliott; William Roberts on the musical program and the mass singing; Louis Gard on the banquet and decision meeting; Hoyt Rawlings on the fine homes into which the boys were received; Clarence Souza on the effect of the addresses upon the delegates; Albina Wolfe on the fun of the trip; Lee Baldwin on the Ozora S. Davis address, and Henry Irving on the address by Harry White on India.

Of interest to local club men was the fact that at the opening luncheon of the conference, men of considerable commercial consequence in Peoria acted as servers for the boys. O. P. Westerfelt of the Caravan club was head waiter, with Arthur Heldrich of Rotary, James McCrae of the Optimists, Al Kahler of Kiwanis, Clarke Bullard of the Lions and others, as assistants. E. M. Randall was caterer.

C. P. & ST. L. SCHEDULE FOR SATURDAY

Regular Trains Will Move at Early Hours on Account of Springfield Hearing.

As previously mentioned, F. W. Brown, general passenger agent of the Chicago, Peoria & St. Louis, has announced a special train schedule for next Saturday, December 9, the date on which the C. P. & St. L. case is to be heard by the Illinois commerce commission.

It was originally proposed to run a number of special trains from the various stations on the line to Springfield on such time schedule that would make it certain that all passengers would reach Springfield by 8:45. Instead of this arrangement, regular trains from the various cities will move on an earlier schedule on that day. Train No. 35, which usually leaves Jacksonville at 7:40 a. m. will depart at 5:05 a. m. Saturday, and will arrive at Havana at 6:05 a. m. Connection will be made there with train No. 35, which will leave for Springfield at 7:30 instead of at the usual hour of 9:38 a. m.

The Jacksonville passengers will thus be able to reach Springfield at 8:50 a. m. On the return trip the trains will be held a sufficient length of time in Springfield to permit patrons to return to their homes on Saturday.

CIRCUIT COURT ORDER.

The case of the People against Simmie, alias James E. Knight, who is charged with larceny, will be called for trial in the circuit court this morning. Judge Smith entered orders in a number of cases yesterday. The case of Tony DeFrates, who is charged with selling intoxicating liquor, was continued on his motion.

The jury which heard the evidence in the trespass suit of W. H. Rohrer, administrator of the estate of Fred A. Ford, against Forest Edwards, brought in a verdict in favor of the plaintiff and fixing damages in the sum of \$118.

The suit of Maggie Hayes vs. Henry Suter, was dismissed on account of failure to comply with previous ruling made.

Default was noted in the case of Roy Rife, brought against his wife, Elsie R. Rife.

The bill brought by Jerome Culp against John B. Gause, et al, to quiet title to certain real estate was dismissed by the plaintiff.

ROUMANIAN OIL AN ASSET TO KINGDOM

LONDON. — Roumania, possessed of large areas of undeveloped oil lands, is ready to give contracts to foreign capital, and consequently American, British, French and Belgian interests are taking notice.

The Independence Roumaine, announced recently that a well known construction company of New York had made an offer to the government for state oil lands in exchange for an undertaking to supply the state with all petrol and derivatives, necessary for internal consumption, at a very low cost. Other similar offers have been made to the government by other interests and, according to an official announcement, "they all will be considered."

There are at present several of the largest oil companies of the United States, England and Holland interested in Roumanian oil properties, and production is increasing steadily.

WILL SINK WELL THRU TRENTON ROCK

Subscribers to Special Oil Well Project Authorize Further Drilling.

Local business men who are interested in sinking the well on the Cleary farm northeast of Jacksonville met last night and authorized further work. C. F. Rhodes, who is in charge of the operations, and Frank Byrns, trustee for the business men, made statements showing that the drill at 5 o'clock Tuesday afternoon was down to a depth of 1450 feet.

The original plans provided funds for sinking a well to the depth of 1500 feet. On advice of the state geological survey it is proposed to go an additional 50 or possibly 100 feet, and a few hundred dollars additional money is necessary for the work. The

men present last night readily subscribed \$10 each additional and the expectation is that other subscribers to the original fund will take similar action.

Mr. DeWolf, head of the state geological survey, advised that drilling proceed until either water or oil is found. Experience has shown that before the bottom of the Trenton layer of rock is reached that either oil or water will be found. The Trenton limestone is about 300 feet in thickness and the drill is now in it to a depth of 150 feet.

The men who met last night took the view that it would be very poor policy to stop drilling now as Mr. DeWolf stated that nothing has been encountered thus far to indicate that it would be useless to drill further into the Trenton. The chances are just as good now for finding oil as has been true at any time since the well was begun.

BOY ADMITS TO OPENING SWITCH

(By The Associated Press)
SUPERIOR, Wis., Dec. 5.—An 11 year old Andover, Minn., boy today confessed that he opened the switch which caused the derailment November 26, of a Great Northern freight train resulting in the death of two trainmen and the serious injury of a third according to a message received today by P. C. & A. OFFICIALS PROMISE BETTERMENTS

Very Willing to Join in Paving Walk Near Station—Inspected Local Streets.

The party of C. & A. officials in Jacksonville yesterday included Vice President A. B. Titus, Chief Engineer William Douglas, R. and Roadmaster Donahue. Representatives of the city met with the railroad men to talk over the proposed pavement improvements near the C. & A. station.

The city representatives were Mayor E. E. Crabtree, Alderman Chapin City Engineer E. M. Henderson and Perry White, commissioner of streets. L. V. Baldwin, county engineer also took opportunity to confer with officials with reference to certain road crossings in the county.

The C. & A. men manifested a kindly attitude in discussing the improvements and the C. & A. will pave its property immediately adjacent to the station and is ready to pay one-half for paving the space between its own property and the railroad tracks west of the station.

In East State street proper the road is also willing to pave the major portion, asking only that the C. P. & St. L. and Burlington join in the enterprise. It is proposed that asphalt paving shall be done.

Mr. Titus and Mr. Douglas made it plain that it is not practicable to use asphalt between the rails, and that part of the work will be done with heavy oak boards, but in such a way that a wholly smooth surface will be presented.

Plans of just the work it is proposed to will be sent and the city officials will then submit the matter to the representatives of the other railroads.

After looking over the road's property the visitors were taken in automobiles to inspect paving work done this year in Jacksonville and then were taken to the water front. They manifested great interest in Jacksonville improvement program and spoke in a most complimentary way of the local situation.

Miss Ethel Wylder returned the early part of the week from a Thanksgiving visit in Columbia, Mo., at the home of her sister, Mrs. P. G. Stine.

Miss Margaret Brockhouse, Mrs. Fred Hulaker formed a Jacksonville shopping party from Bluffs Tuesday.

Mr. and Mrs. Irwin Colson and Miss Ruth Hotchkiss were shoppers Tuesday from Chapin.

Social Events

Miss Shortridge is Hostess

Miss Ethel Shortridge entertained the members of her sewing club Monday evening at her home on South East street. The club included twelve members and they met once a month for a social evening. A pretty little Christmas tree with gifts for each member of the club was the feature of this week's meeting. The rest of the time was spent with sewing and conversation and during the evening the hostess served dainty refreshments in keeping with the Christmas season. Mrs. W. H. Sperry, Miss Mabel Peterson and Mrs. G. E. Dewees were guests at the meeting.

Will Entertain Club

The Wednesday Social club is to be entertained this afternoon by Mrs. Lee Crawford at her home on West College avenue. The afternoon is to be spent in a social way and the hostess will pass refreshments. The appointments for the afternoon will be in keeping with the holiday season.

East Side Tuesday Club Held Meeting

The East Side Tuesday club met with Mrs. T. O. Hardesty Tuesday afternoon. There was a large attendance of members. A good paper on "Origins of Toys" was given by Mrs. M. R. Range. A story on "Vivian's Santa Claus" was read by Mrs. Clara

ence Rataichuk. Mrs. Rataichuk also gave a poem. The roll call was answered by "The Opening of the Christmas Packs." Very dainty refreshments were served.

Mrs. Hardesty Hostess to Club

Mrs. T. O. Hardesty entertained the members of the East Side Tuesday Club yesterday afternoon at her home in Duncan Place. This was the Christmas meeting and a very delightful holiday program was given. Mrs. M. R. Range had a paper on the "Origins of Toys," and Mrs. James Kennedy treated in a very charming manner the question of "Is There a Santa Claus?" Miss Elizabeth Hardesty played a group of piano numbers as a part of the afternoon's program. Each member brought her Santa Claus pack and as she answered roll call, opened the interesting pack and took out the gifts which were to be distributed. The hostess passed refreshments at the close of the afternoon.

Entertain at Oyster Supper

Mr. and Mrs. Carl Hembrough entertained at an oyster supper given last evening at their home southeast of Jacksonville. About ten of their friends had been invited and a delicious supper menu was served. The evening was pleasantly spent with games and music. The party included Mr. and Mrs. Frank Hunter and

Mr. and Mrs. Charles Belmar and son of Stawn's Crossing, Mr. and Mrs. Harry Trotter and son of the Woodson neighborhood, and Mr. and Mrs. Hembrough.

Hostess to Country Club

The Orleans Woman's Club met yesterday afternoon with Mrs. James Cunningham at her home east of Jacksonville. Miss Florence Cox had a paper on "How I earn my pin money," and Mrs. Lizzie Graft had the other paper on "Birds that help the farmer." After the program there was a social hour and the hostess served excellent refreshments. Mrs. Albert Koss and two daughters from Champaign county, who are visiting Mrs. Koss' parents, Mr. and Mrs. Cunningham, were special guests at the club meeting.

Scout Troop No. 2 Have Dancing Party

Members of Scout Troop No. 2 gave a dance Monday evening in the Gymnasium at the School for the Blind. Among the guests were members of the high school football team and there were also a number of other special guests. Music for the occasion was furnished by the "Clowns" orchestra, and the various arrangements were such that the evening was a very pleasant one. The committee on arrangements included William Rensdell, Clyde Cook, Arthur Bergstrom, George

MODERN WOODMEN IN SPIRITED ELECTION

Officers of Camp 912 Chosen for Existing Year—Camp in Very Prosperous Condition

A great deal of interest was shown in the annual election of officers held by Camp 912, Modern Woodmen, last night. There was a very large attendance of the membership and a spirited election resulted. The interest centered in the choice of clerk and the honor fell to L. Arch Vasconcellos, who was chosen by a large margin.

Mr. Vasconcellos has been serving in that position for a number of months, taking up the work when his brother, Earl Vasconcellos, became ill. Mr. Vasconcellos has proven a very competent official and evidently the members of the lodge were very willing to continue him in office. The action taken was a courtesy both to him and to his brother, the former clerk, who is still ill. The officials chosen last night were as follows:

Consul—James A. Scott.
Past consul—James E. Bentley.
Adviser—Paul Whitley.
Clerk—L. Arch Vasconcellos.
Banker—Vincent Vieira.
Escort—Howard Roberts.
Doctor—Dr. J. J. Day.
Watchman—Vasley Becker.
Sentry—John Ramage.

After the election adjournment was taken to Owens' restaurant on the north side of the square, where an oyster supper was served.

Camp No. 912 has a membership of more than 600 and its affairs are in a very prosperous condition.

CHURCH ORGANIZATIONS

"India Today" Subject at Congregational Meeting

The Woman's Foreign Missionary society of Congregational church met yesterday afternoon at the church. The program of the day was in charge of Mrs. C. H. Smith who gave an interesting talk on "India Today." The regular business session was held and at the close of the afternoon there was a social hour during which refreshments were served by the hostess, Mrs. D. B. Hutchinson.

Baptist Women to Meet

An all-day meeting is planned for today by the members of the Woman's Missionary Union of the First Baptist church. The meeting will be held in the church parlors and the time will be spent in sewing. Each lady is to bring some part of the menu and a luncheon will be served at noon. The members are also to bring fruit which is to be donated to Passavant hospital. Mrs. A. B. Williamson has charge of the missionary program for the day and the subject of the discussion will be "Gospel Cruisers."

Westminster Ladies Hold Christmas Bazaar

The ladies of Westminster church held their annual Christmas Bazaar and market yesterday in the rooms lately vacated by the C. N. Priest Motor company on West State street. Mrs. J. O. Conkling was the general chairman in charge of the affair and she was assisted by a number of committees. Tables of attractive fancy work, dolls and cleverly dressed clowns for the children, aprons, rugs, art vases filled with winter bouquets, tempting home made candies, breads, pastries and other delicacies, a "White Elephant Sale," and a "Fish Pond" were included in the sale. The heads of the different committees and their assistants were as follows:

Candy Table—Mrs. B. F. Shaffer, chairman; Miss Jane Smith.
Doll Table—Miss Eleanor Moore, chairman; Miss Adelaide McCune, Mrs. Walter McCormick and Mrs. Fannie Cully.
Aprons and Rugs—Mrs. Frances Kitter and Mrs. C. B. Massey.

High Percentage Hatches

With the Queen Incubator

Everyone wants big hatches, and the Queen will deliver them. Besides being wonderfully well constructed, in the way of materials and workmanship, the Queen embodies the most scientific principles of artificial incubation.

The Queen is doubly insulated. First there are double walls of California Redwood, forming a dead air space. Second, corrugated strawboard is used between the wooden walls. Proper insulation adds considerable expense to the manufacturing cost, but it is an absolute requirement of a good incubator.

The Queen is the only incubator that carries out the double Redwood wall construction all around, and provides a double wall front, in the way of two separate doors. The outer door is a solid panel of Redwood that is hinged entirely independent of the inner door and is fastened with a sash lock that draws it tight, thus making the loss of heat impossible.

The inner door is also of Redwood construction, containing a panel of glass the full length and height of the egg chamber.

Queen Brooders are Good Step-Mothers

They are designed to raise the chicks in all kinds of weather at any time of the year, with complete protection day and night. The heating system gives an abundance of heat, distributed properly, while plenty of fresh air is provided automatically without draughts.

We sell the Queen because we are here to stay and cannot afford to trifle with your eggs. Come in and see how a Queen operates.

POINTS ON THE NEW CONSTITUTION
(By Judge Olson)

The opportunity for improving the administration of justice in civil cases would justify in itself the holding of a Constitutional Convention. Under a unified command a corps of judges trying civil cases can become far more expert and expeditious than when working as isolated units.

The new provision for a jury of less than twelve offers opportunity for economy in many small civil causes and will also make less demand on the public for jury service. This reform is greatly needed.

Persons who do not favor the Judiciary Article of the new constitution make a great deal of the powers conferred upon the Supreme Court and assume that this power will be abused. The powers referred to are the power to regulate procedure and the power to superintend the administration of the Cook County Circuit Court through the designation of chief justices and through rules.

It might be observed that the objections to these provisions have not been conspicuous heretofore for their efforts to reform the administration of justice, but passing over that fact I feel like saying that there is a very brief, simple and conclusive answer to these objections and alleged fears. It is this: that the new powers are insignificant compared with the powers which are inherent in any court of last resort, and which have been exercised faithfully by our own Supreme Court. Also, that the proposed new powers are supplementary to the traditional powers and necessary to the full usefulness of the latter.

It is high time that the judges of the higher courts become responsible for the administration of justice generally throughout the state, through the exercise of a general superintending and rulemaking power. This has been so long needed, and so long urged by the Illinois State Bar Association and other responsible agencies, that it is now late in the day to question it as a principle.

There can never be a power equal to the power of the Supreme Court to have the last say as to the rights of individuals and of public institutions under the constitution and the laws of the state. That is a transcendent power. It is inherent in a court of last resort. And for its most complete accomplishment it calls for that integration of the entire judicial system so that the Supreme Court, instead of merely reversing and remanding cases to show the proper course of action, all at the expense of individual litigants, may make rules for the guidance of trial judges.

If we had had in the past that integration of the judiciary which the new constitution introduces we would have been spared many regrettable incidents. The long history of abuse of the writ of habeas corpus in Cook county would have been different. I recall how in one year a single judge granted ten writs of habeas corpus and we in the prosecutor's office deemed every one of the ten unwarranted and contrary to the rights of the State. One does not have to go back that far for flagrant abuses of this right which will become impossible if the new constitution is adopted.

The adoption of the new constitution will deprive me of a great authority. It will put an end to a court which has engrossed the best years of my life and has received favorable attention throughout the nation and in other lands. Nobody can assert that I have a selfish interest in the adoption of the new constitution. But, knowing all the conditions as I do, and appreciating the principles of judicial administration as worked out in the first organized court in the country, I would feel unfaithful to a great trust if I should be passive when opportunity is presented for achieving a mighty forward step—for gaining half a century in progress—for lifting the great city for which we toil from the morass into which it has fallen thru defective court organization.

Probably no opinion is expected from me on other features of the new constitution; suffice it to say that I know of no point at which the new constitution is not at least as good as the old.

THE CONSTITUTION AND ITS DEFECTS.

My Dear Mr. Editor:

May I beg a corner in your column and air one or two views regarding the coming election?

In the press, on the platform and in private life we are being informed and misinformed about the proposed constitution for Illinois. Some of our weary brains are befuddled with the baffling intricacies of the arguments pro and con. Our mental compass is too small. We get out of our depth so quickly, especially when good men differ about the merits and demerits of the proposed constitution. Most of us are sure we can cast an honest vote on Tuesday, but will it be a sensible one? There's the rub! Sincerity in voting is no substitute for good judgment. How then can the average man vote on the proposed question?

To start with, every one of us can find defects and disadvantages in the document. As spectators on the sidelines it is easy to find faults and flaws. It is very unfortunate that in our flapping we do not compare the proposed constitution with that adopted fifty years ago, for is not the real question at issue this: "Do we want a 1922 model in exchange for an 1870 one?" Manifestly no 1922 model of anything, automobile, dress, hat, house, etcetera is without flaws. If we were to be ruled in life by the faults and flaws we see fear we would never call in a physician, a lawyer, a minister or priest, a school teacher or any one else. If we are to be overruled by defects only then certainly we will not support the church nor give to charity of any kind. We certainly would never vote for political candidates.

Then too, why borrow worries by imagining what future legislatures may or may not do. Chicago school teachers are being let in thinking that because of the wording of a certain paragraph in the proposed constitution their splendid pension system may be taken from them. The "maybe" is a bogey centering about the idea that some future group of legislators at Springfield may see fit to rob the teachers of their pension system!

There is a place for the critic, the satirist, the sincere faultfinder who really wants to help. Let us never lose the value of criticism. So even of this proposed document we bow our thanks as we hear someone whisper over it: "Remember, thou art mortal." How then did this mortal document come into being? We as citizens of Illinois voted for the calling of a constitutional convention. Regardless of party lines we the people elected delegates to this convention. For three years this body of our representatives thought out and fought out the ideas which go to make up the body of the document. Perhaps not a single delegate would agree to everything jot and tittle in the document. Delegates as well as voters know that there are some stumbling stones, some rocks of offense in the proposed constitution. When one considers that every constitution that ever has been or ever will be formulated must needs be the result of compromise, there are bound to be defects. The men who made this constitution are as clean and able a lot of men as Illinois citizens could find, and the result of their three strenuous years' work should not be lightly tossed aside with a "no" vote just because the document contains something we do not like. Compared with the constitution of 1870 this document has far less defects, and is far more up to date.

Personally I wish it were not quite as conservative as it is in several paragraphs, but obviously it must be the mean between the extreme views. The balance dips wholly in favor of a 1922 model for me, and I am willing to trust the voters and the legislators of future years in their interpretation of the document.

The one point worth discussing is whether beneath the defects, which need not be disputed, there is not a body of positive advantages which makes this proposed constitution vastly superior to that of 1870 under which we now live. Big broad public benefits will come to all inhabitants of Illinois, regardless of class, creed, color or condition, if the obsolete document of 1870 is superseded by the proposed constitution.

Let's keep our eye on the ball! Let's keep to the real issue. Let us not be sidetracked by a few defects when to go over the rails laid by the proposed constitution we can at least go forward, though not as fast as some desire. Above all, "Remember Lot's wife."

Jacksonville Players Honored by Grid Critic

(By Leon G. Myers in Bloomington Pantagraph.)

The 1922 football season was the most remarkable in the annals of the sport, insofar as it concerns high school teams of central Illinois. Time after time the dope bucket has been completely overturned and supposedly weak teams have won over opponents who should have had things their own way in the game.

One of the notable reverses of the season was the defeat of Jacksonville by the hard luck Springfield team. Springfield started the season with every prospect of having the best team of the year but injuries wrecked the smooth running combination after a one-sided victory over Beardstown. Following defeats by Lincoln, Carlinville and Urbana, it required hard work to rebuild the team. Springfield finished the season as being potentially one of the strongest teams of central Illinois. It takes a good squad to defeat Jacksonville, overwhelm Bloomington, and win the first victory over Decatur in five years.

Champaign upset Moline. Another upset was the 28 to 0 jolt handed Moline by Champaign. Moline came downstate with the expectation of handing the Ven Llew outfit the worst drubbing they had ever experienced but the Champaign forwards outchugged the Swedes and were never in danger after the first two minutes of play.

Champaign has justly earned the premier honors of the season, not only for central Illinois but possibly the state. Oak Park played Evanston a 7 to 7 tie; Evanston defeated Morton of Cicero, 34 to 7; Morton lost a track meet to Champaign to the tune of 53 to 0; Champaign whalloped Moline 28 to 0; and beat U. High 19 to 7; Moline defeated Peoria 33 to 7; the best Peoria could do with Bloomington was to win 6 to 0; Bloomington lost to U. High 6 to 3; U. High beat Lincoln 16 to 0; Lincoln played a tie game with Taylorville at Taylorville and defeated Springfield 17 to 0.

Following this defeat Springfield lost to Carlinville 13 to 0, and to Urbana 9 to 6, and then recovered to defeat Jacksonville, Bloomington and Decatur by good scores.

Taylorville playing a scoreless tie with Lincoln, came back with a 3 to 0 victory over Pana and a 9 to 0 win over Mattoon. Mattoon defeated Urbana 14 to 12 and Urbana held Champaign to a 7 to 3 score.

Champaign Entitled to Honor. The comparisons will work out on down the state leaving Champaign with a clear title. Carlinville thru its 13 to 0 victory over Springfield and finishing the season without defeat, should be ranked second, with Taylorville third, and U. High fourth.

In selecting the "All Star" teams for the seventh time there has been a wealth of good material for all positions and in making the selections the players have been chosen who are best in their own positions. Many teams such as Bement, Mattoon, Pana, Leroy and Peoria Manual can boast of no individual stars, but have a well balanced machine of fighters. This was not true of Peoria Manual prior to the loss of R. Schraub. Had this player been able to last into November he would have been one of the outstanding halfbacks of the year.

The ends are picked from a big field and were selected after carefully considering their season's record of consistent play and their value to their team. Center of U. High and O. Schar, deoin of Champaign are placed on the first team for the reasons given above and because they are big, rangy and fast ends, deadly tacklers and with the instinct to always follow the ball. Douthitt of Urbana and Bittner of Peoria Manual are placed next, and are, with the possible difference in size, equally as good as the first pair named. Other good ends ranked according to their merit are Page, Peoria; Thompson, Springfield; Phelps, Carlinville; Spatts, Lincoln; Ferguson, Beardstown; Hall, U. High and Thompson, Decatur.

Many Good Tackles. The tackle positions present another difficult proposition when the names of the great tacklers of the year are reviewed. The honors go to Beaver of Lincoln, and J. Hibbs of Normal. Beaver is a big, hard playing football giant and would guard the heart of any college club. He was not stopped during the season by any opponent and could knife

the strongest line almost at will and spill play after play for losses of from two to several yards. J. Hibbs was a actor in every game and was in every play. He was a good leader and was quick to break up any kind of play coming thru some powerful lines to do so. Next are placed Peoria of Springfield and Kasper of Peoria. Both are hard fighters and able players but not quite equal to the first two in power and general effectiveness. Following come Straub of Carlinville; Lloyd, U. High; Arnold, Jacksonville; R. Hibbs, Normal; McKay, Champaign; McKay, Lincoln; Tabaka, Champaign; Hudson, Urbana and Streiback, Peoria Manual.

The outstanding guards were fewer in number than the tackles but they are great players. Curran of Springfield and Neff of Taylorville rank first because of their constant fight and ability to follow the ball. Hopper of Jacksonville and O'Neal of Champaign are ranked next and they are also two mighty fine guards. Next in order come Burt, Lincoln; Moody, Peoria; McAllister, Champaign; Stout, Peoria and Hayes of Taylorville.

Finical for Center. The best center of the year is Finical of Champaign. He is a tall, rangy lad weighing close to 175 and hard as nails. He is an ideal center for the new style of game which calls for a player in that position who can pass accurately from any position to any player. He has never made a bad pass and has been a source of worry to the offense of all opponents. Next is ranked Hoblit of Lincoln, a big powerful fighter but not quite the equal of Finical in passing. Following Hoblit come Van Norman, Peoria Manual; Neidermeyer, Bloomington; Sallor, Normal; Hurd, Urbana; Helsenstein, Decatur, and Madigan of Clinton.

In selecting the quarterbacks four were found who would be of about equal value to their teams. They are Stockwell, Urbana; Maple, Peoria; Patton, U. High; and Majors of Champaign. Because of his experience, speed and reliability, Stockwell is given the honor, with Maple of Peoria ranked second. Patton, U. High, and Majors, Champaign, are next in rank and then come Hunt of Jacksonville; Pierce of Carlinville, and Hyndaman of Springfield, who would, no doubt, have ranked higher had been able to play out the season.

The halfbacks were many and wonderful. It has already been stated that R. Schraub started out as the best of the season, but illness retired him early in October. The best halfbacks otherwise are Raymond of Champaign and Roberts of El Paso. Both are tall, well developed, speed merchants and are exceedingly hard runners, passers, and kickers, and are mainstays of their respective teams. Rae of Urbana and Hirth of Pekin are next in rank and are almost as effective as the first two named, being equally clever with their all around work. Following would come Cardoni, Springfield; Fox, Champaign; Lewis, Decatur; Bostic, Tuscola; Hill, Bement; Mohar, U. High; Applegate, Beardstown; Cleveland, Bloomington and Williams, Illinois.

The fullback position are awarded to the hardest line plungers and the best defensive backs of the year. They are Lewis of Carlinville, and Carnes of Springfield, with Madigan of Lincoln a close third. Had he remained in school, Kier of Gridley would have been ranked first as he was a great all-around player and the most important player in the Hill machine. After Madigan are placed Lanum, Decatur; Johnson, Jacksonville; Mathews, Peoria; Ayton, Clinton; Reading, Bement and Barr, Taylorville.

Football Pioneer in Middle West

A. H. HORNSBY.

Forty-seven years ago A. H. Hornsby, 76 years old, of St. Paul, Minn., introduced football to the middle west in Chicago, where he organized the old Chicago Football club. Hornsby took part of the first games ever played by Northwestern university, Chicago, and the University of Chicago.

At that time the number of men meant little and in their game with Northwestern in 1876 the Chicago football club played fifteen games against Northwestern's twenty. When the final whistle sounded there were fifty-two men playing for Northwestern, Mr. Hornsby declares.

On the team with Hornsby was William B. Curtis of Chicago, who, he says, was the greatest all-around athlete the world has ever seen. Hornsby was the first sporting editor in the northwest, taking a job in St. Paul in 1882. He was born in India and was educated in England, where he received his training in football.

GRAND AMERICAN HANDICAP AT CHICAGO

CHICAGO, Dec. 5.—The Grand American Handicap shoot for 1923, today was awarded to the South Shore Country club and will be held August 20 to 25. This is the fifth time the annual blue ribbon event has been given to this club and the ninth time it has come to Chicago.

Selection of the South Shore club was made at a meeting of delegates representing manufacturers and representatives of the amateur membership of the American Trapshooting association which composed the general committee of the organization. Last season's shoot was at Atlantic City.

Des Moines, Iowa, and Cleveland, Ohio, were strong contenders for the honor, but the offer of the South Shore Country club was so liberal it was given preference. It was pointed out that the perfection of the club surroundings, the convenience of transportation, the ideal unobstructed background against which to throw targets and the splendid handling of the traps in previous tournaments were strongly in its favor.

The headquarters of the American Trapshooting association will be transferred to Chicago it was announced. The present headquarters are in New York. It was said that the entry list for the coming tournament will far eclipse that of previous shoots it being estimated that at least 1,000 marksmen will be enrolled.

SLOCUM TO REPRESENT TENNIS ASSOCIATION

New York, Dec. 5.—Henry W. Slocum of New York, a former National Tennis champion and former president of the United States Lawn Tennis association will represent this country at two international conferences to be held in London, December 20 and 21. His appointment was announced tonight by Julian S. Myrick, president of the United States L. T. A.

The first conference will act on the proposed zoning system for Davis cup play and the second, called by the International Tennis Federation will deal among other questions with making uniform rules and adopting a standard ball. While not a member of the International Federation the United States has been invited to participate in the latter conference.

KALTEAU HEADS SKATERS' ASSOCIATION

Chicago, Dec. 5.—Frank M. Kalteau today was elected president of the Western Skating association succeeding Julian T. Fitzgerald, who held the office ten years and retired after being chosen head of the International Skating union. Plans are under way it was said to obtain a large entry list for the national outdoor championships which are to be held here for the first time on January 26, 27 and 28.

NORTHWESTERN U. OPENS WITH INDIANA

Chicago, Dec. 5.—Northwestern university's first conference football game for 1923 will be played at Indianapolis, October 13, 1923, with the University of Indiana. It was announced today. The game was added to Northwestern's schedule just as the conference meeting of last Saturday came to a close.

Joseph Hennessey left the early part of the week for Alton where he expects to take a position and remain for an indefinite length of time.

THIRTY MINOR LEAGUES QUALIFY

LOUISVILLE, Ky., Dec. 5.—Thirty minor league leagues, embracing 206 cities and towns in the United States and Canada, qualified for membership in 1922 in the National association of professional baseball leagues, according to the annual report of J. H. Farrell, the secretary-treasurer submitted today at the organization's annual session. One league, the Western International comprising four clubs was compelled to disband during the playing season.

Of 6,460 players employed by these clubs, 3,220 were reported for outright release, 1,558 others were released by assignment of contracts, 467 were released under optional agreements, options were exercised for 297, and 211 were voluntarily retired, according to Mr. Farrell's report.

Four hundred players were suspended for insubordination, but 203 of these were re-instated within days. Ten were declared ineligible for contract jumping, a marked contrast the report points out to a total of 338 barred for the season in 1920.

Disputed cases most of them involving players, umpires and clubs or applications for re-instatement totaled 708. Of these decisions were handed down in 553 by the national board of arbitration of which Mr. Farrell is chairman while 155 others were ready for decision. Thirty-two players were drafted 16 by National league clubs, five by American league clubs and 11 by members of the National association—and \$49,700 paid for their services.

INDICTMENT AGAINST ZACHARY QUASHED

DEFENDANT, HOWEVER, STILL HELD UNDER BOND

Grand Jury Which Returned Indictment Not Legally Constituted, Court Finds—Another Jury Now in Session Has Case Under Consideration—Judge Smith Explained Ruling.

Attorneys representing Samuel T. Zachary appeared before Judge E. S. Smith in the circuit court Tuesday morning to argue a motion made to quash the indictment. After hearing the argument Judge Smith took the case under advisement and when court convened at 1:30 in the afternoon he sustained the motion.

In outlining his reasons for this action Judge Smith made it clear that under the law no other course was open to him. The records of the board kept by the county clerk and presented by attorneys for the defendant proved that the Morgan county grand jury which returned the indictment against S. T. Zachary was not selected in accordance with the law. Although the indictment was quashed the defendant is still held under bond.

The law provides that the grand jury shall be chosen by the county board either at a regular session or by one held on special call. The records of the board were introduced to show that the provisions of the law had not been complied with and the grand jury in question was not chosen at a regularly or properly held session.

The motion to quash was made by Wilson & Butler and William N. Haisgrove, as attorneys for the defendant, and argument on behalf of the state was presented by State's Attorney Robinson and Walter W. Wright.

In sustaining the motion to quash, Judge Smith stated that the defendant would remain under bond until further order of the court. The grand jury in session and State's Attorney Robinson indicated that another indictment will undoubtedly be voted at once. Several other cases are being presented to the jury and it is understood that the report will be made tomorrow. Several indictments, it is said,

will be returned and the state's attorney will urge that the cases be set for hearing at this term. Judge Smith in announcing his action sustaining the motion made the following explanation:

The Grand Jury.
"It is the policy of the law that in public matters required to be conducted by any organized body, they shall be conducted in public and the law provides a certain time and manner in which the affairs of such bodies shall be conducted. Under the policy of our law the counties of this state have a county governing body known as the board of county commissioners, in counties not under township organization, and a county board of supervisors, in counties under township organization.

"The statute also provides that no one shall be prosecuted for a felony except under a finding or indictment of the grand jury, and the statute provides how the grand jury shall be constituted and how it shall be created. It makes specific provision that it shall consist of 23 members, and 23 only. It makes specific provisions as to how and when they shall be selected, and provides that the grand jurors shall be selected in counties not under township organization (as this county is) by the board of county commissioners. It further provides that that board of county commissioners shall have two sessions in each year, one in September and one, I believe in June.

Law as to Sessions.
"And it provides that for special purposes special sessions may be called, and provides how special sessions may be called. That is special sessions may be called by the request in writing of one third or more of the members, as I remember in counties under township organization. Those sessions cannot be held at any other time or in any other way; that it must be a regular session or a called session, convened at the time provided by the statute, and by the records of that board the session kept alive. Its affairs must be conducted at the special session called in the manner provided by law. It is intended that all persons having any business with that board of commissioners and the public in general may know when the board meets, and may be present if desired or have business to be

there and present their matters and know what is being done.

"In this case it appears from the records that the board of county commissioners convened at a time specified in the statute. The record shows the date on which they convened. The record shows that on that day the board adjourned. The record does not show whether it adjourned sine die or whether it adjourned to the next day or whether it adjourned to some other time—so that any one interested might look at the record and see when the next session of the board would be. If the record did further show that the board did meet on the next day and the same order of adjournment was entered the next day, without date, and that it convened on the next day, and so on, and the same order was entered, there might be some basis for saying that that order was entered the board of commissioners meant by that the board should stand adjourned to the following day. The record does not so show. It shows that the board adjourned—the record of adjournment without any time specified—sometimes it convened the next day and sometimes it had a recess of several days and sometimes a few weeks.

Not Regular Meeting.
"Just before the day the grand jurors which returned the indictment in the case of The People of the State of Illinois vs. Samuel T. Zachary were selected, the board had been in recess for four days since the prior adjournment where the entry on the record was 'ordered that the board stand adjourned.' The recess before that, as I recollect it, was from the 24th day of September to the 17th day of October. There was no means by this record by which the public or anybody interested in the affairs of the board of commissioners could tell, except perhaps by inquiry of members of the board, and a member of the board has no power as a member as to the acts that are to be done by the board—it takes the entire board or a majority of them to do those things.

"Consequently that record as to those adjournments does not keep the county board of commissioners alive. It shows that some meetings were called by the chairman of the board—not meetings of the board of a regular session of the board, but called as special meetings of the board, and the chairman by himself had no authority to call special meetings and the meetings under such a call had no authority to select a grand jury.

"Unfortunately as it may be the fact remains and the law is that at such meeting the board of commissioners had no authority to select a grand jury. The persons selected by them and called a grand jury which met in pursuance of said call did not constitute a grand jury and any alleged indictment returned by such a grand jury is not an indictment under the laws and the constitution of the State of Illinois, which is sufficient to put any person charged with crime upon his trial.

"It follows from this that the motion made by the defendant to quash the indictment must be sustained.

"It is ordered that the indictment in the case of The People of the State of Illinois vs. Samuel T. Zachary be and the same is quashed. The defendant, Samuel T. Zachary will remain under bail until further order of this court."

Why is This Wrong?

TODAY'S BLUNDER CORRECTED

By Ralph I. Dunlap.

Postmaster, City of Jacksonville
Do not wait until the last minute to mail Christmas letters and packages. Some people are thoughtful enough to mail their Christmas letters and packages in time for delivery before Christmas; many others just as generous but less thoughtful, wait until the last minutes and then pour their Christmas mail into the postoffice in a perfect deluge, with the result that thousands of little folks, and grown-ups too, are disappointed and perhaps their Christmas spoiled because a letter or package is delayed and not delivered until after Christmas.

Please mail packages for out of town delivery early in the week beginning December 11th., and for city delivery during the week ending December 18th. Such letters and packages may be endorsed "Do Not Open Until Christmas."

FARMERS INSTITUTE HELD AT WINCHERTER

Interesting Sessions Held Tuesday at Community High School Building—Other Winchester News.

Winchester, Dec. 5.—The Scott county farmers institute began its session Tuesday in the community high school auditorium. Sessions were held at 1:30 in the afternoon and at 7:30 in the evening, and similar sessions will be held Wednesday. William Webb made the opening address Tuesday afternoon, and was followed by A. E. Davidson, whose subject was "Some Facts Influencing Egg Production."

In the evening there was an address on "Poultry" by W. B. Keift and one by Mrs. Alma Haldower Giles, whose theme was "Food for Children." The evening program included a piano solo by Marinda Coultas and a vocal selection by Martha Gibbs.

There is a fine display of cakes, pastry, bread, jellies and preserves and fancy work, prizes on which will be awarded Wednesday.

Howard Ryan, Sam Hawk and Vernon Moore should have been mentioned as being of the party accompanying E. L. Dillon to the livestock show in Chicago. The party returned Tuesday morning.

Miss Lois Coultas and Miss Vera Wardner returned Tuesday from a delightful visit in Chicago, with Miss Wardner's mother. They also enjoyed a Thanksgiving visit with friends at the Woman's college in Jacksonville.

COLLEGE BUILDING BURNED AT WINONA

Reverend and Mrs. G. T. Wetzel of this city received a letter yesterday from their daughter, Miss Naomi, who is a teacher in the State Teacher's College at Winona, Minnesota, in which she told of the burning of two of the main buildings of the college on Sunday, December 3rd. The fire was discovered at five o'clock in the morning and the blaze resulted in the almost total destruction of the main building and the library, two of the largest structures on the campus. The Masonic Temple and the churches in Winona are being pressed into service for the use of the school.

PRISONERS TRANSFERRED TO THE COUNTY JAIL

Charles Proctor, who was captured by local police in the Perry & Gruber store early Monday morning, has been turned over by Chief Frank Kiloran to Sheriff Oyer Wright and is now in the county jail. John Bartholomew, who is accused of stealing a number of cattle, has also been transferred to the county jail.

Mrs. Z. Fox was listed among shoppers in the city yesterday from Chapin.

AUTOMOTIVE MEN IN ANNUAL MEETING

Record Shows Three Successful Years of Organization Work—New Officers Chosen.

At its regular monthly meeting held Tuesday night at the Dunlap hotel, the Jacksonville Automotive Dealers association brought to a close its third successful year and elected the officers who will formulate and guide its activities during the coming twelve months.

A brief review of the association's accomplishments during the year just brought to a close was given by J. G. Berger, retiring president, at which time he took occasion to thank the membership for its hearty cooperation through his term and his appreciation of the spirit of friendliness and loyalty that has existed and ventured the belief that this same spirit would be manifested to his successor and fellow officers.

Reports of the secretary and treasurer showed the Association to be practically one hundred per cent in membership and attendance, and its finances in first class shape with no bills outstanding.

Committees on traffic conditions, good roads and charitable undertakings, presented reports and these committees were ordered continued until further notice as they have considerable unfinished business in hand.

The annual election resulted as follows, the officers mentioned to serve for one year:

President—Charles M. Strawn.
Vice President—L. F. O'Donnell.

Treasurer—S. W. Babb.
Directors—Ralph Withee, chairman; E. W. Brown, Jr. and A. B. Zeigler.

E. A. Olds was reappointed by President Strawn to serve as secretary of the association.

The Jacksonville association of automotive dealers is organized "For Protection Not Profit," and aside from having as its object the promoting of friendly relations among its membership the association has endeavored in an unassuming manner to promote activities which would advertise Jacksonville thru a wide range of territory, to give its aid wherever possible to the city officials, Chamber of Commerce and other public enterprises, and to do any charitable work found possible.

The more notable of the association's activities has been the automobile show and merchants exposition, which, thru the aid of business men of the city, have been great successes not only because of local interest created but the wide publicity given to Jacksonville and the immense number of strangers brought to town. Preliminary plans are being made for a bigger and better showing than ever, to be held here this coming spring.

Preceding the business meeting last night the members sat down to an elaborate roast duck dinner served under the personal direction of Manager Rule of the Dunlap.

D. O. K. K. CIRCUS DREW ANOTHER BIG CROWD

Attendance On Second Night Exceeded Expectations—Booths and Exhibits Entered—Fine Free Vaudeville Acts.

The second night of the D. O. K. K. circus drew a still greater attendance and at least 2500 people passed thru the main entrance during the evening. At one seating 269 people occupied the bleachers while the vaudeville program was in progress. Today the seating capacity is to be increased to 500.

Members of the Dokays are working earnestly to make the circus a success and their efforts are being amply rewarded, as the public is showing genuine interest.

The attendance thus far has exceeded expectations. Ten cents is the admission charge and this is the only necessary expense for those who attend.

The concessions and exhibits add greatly to the interest in the circus event. These include two Princess Candy Co. booths, D. O. K. K. ball and track team booth, Havana Blend Cigar Co., McNamara and Heneghan, Widmayer and Segner; El Maceo Cigar Co., the Corn Game, Ladies' Popularity contest, Van Fossen Music Co., the D. O. K. K. country store, the Arkansas Kids, Cain Mills, Elks, Cully Coffee Co., John Carl, Railway and Light Co., C. P. Joy garage, the Ogar Cigar Co., R. Haas Electric Co., Doyle Bros. plumbers; candy, doll and refreshment stands.

DEATHS

Bell
Mrs. Opal Bell Clark died at her home in Chicago at 6:10 o'clock Sunday evening. The body arrived here last night and was taken to the home of her mother, Mrs. Sarah Bell, 708 Ashland avenue. Funeral arrangements will be announced later.

The Young Women's Guild of the Congregational church will hold a gift sale at the Pilgrim Memorial this afternoon, beginning at 1 o'clock. An earlier announcement thru error indicated the sale would begin at 9 o'clock.

ALEXANDER CLUB WILL MEET TODAY

The regular meeting of the Alexander Women's club will be held this afternoon at the home of Mrs. W. J. Kunie. Two papers of very special interest will be presented, one by Mrs. Harry Foster on "Attractive Tables," and another by Miss Anna Colwell on "Sanitary and Economical Cooking of Left-overs."

The musical part of the program will include a group of songs by Mrs. K. V. Beerup and a piano selection by Miss Harriet Erickson of Jacksonville. At the

close of the program the members and their guests will spend a brief time socially and the hostess will serve refreshments.

HEARS OF COUSIN'S DEATH

Mrs. F. M. Coard has received news of the death of her cousin, Mrs. W. M. Leftwich, at the fam-

ily home in St. Louis. The deceased will be remembered by number of local residents, as she had often visited here. The news of the death came as quite a shock to Mr. and Mrs. Coard, the former of whom is bedfast and helpless.

Reducing the Hazard

"The enlightened employer interests himself in the conservation of the health of his employees and in their safety, so far as he can provide them," says the Chicago Tribune.

For many years the Standard Oil Company (Indiana) has followed this plan as a part of its established policy.

This Company maintains an exceptionally high standard of safety insurance. It not only provides safety devices but by encouraging the organization of safety committees in all of its refineries, it has been successful in reducing accidents in its refineries to a point which actually is below that of many businesses naturally less hazardous.

As an example of its efforts in this direction is cited the fact that all Standard Oil Company (Indiana) refineries are provided with elaborate fire-fighting devices, of which live steam and chemicals are notable refinements.

The Directors of the Standard Oil Company (Indiana) recognize that an employee who believes himself to be well-treated and secure is a better worker and is more interested in giving full service both to the Company and to the public than is the employee who lacks this feeling of security.

The management of this Company believes that every constructive measure for the benefit of its employees is a definite factor in lowering the cost of doing business, in securing greater efficiency, and ultimately lowering prices of its products to the consumer.

Hazard reduction is but one item, though an important one, in the Company's complete program of attention to the well-being of its employees. Other items include liberal compensation, good working conditions, steady work, and insurance in so far as is possible against unemployment. In addition this Company has devised an annuity system to provide for the protection of those who have grown old in its service.

The efforts of the management to provide ways and means of eliminating the dangers of a highly hazardous occupation is reflected in the enthusiasm of the workers and the whole-hearted endorsement of 26,560 stockholders, not one of whom owns as much as 10 percent of the total.

IT STARTED SOMETHING

"Your medicine is the talk of the town since pulling me from the grave. I have told dozens about it and I know of at least ten who are now taking May's Wonderful Remedy, all with good results. I never saw anything like it. One man who had been operated on for gall stones and had them come back, took it and says his symptoms are all gone now and he swears he is cured." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. LANDIS WILL NOT RECONSIDER PLANS

LOUISVILLE, Ky., Dec. 5.—There is no possibility of Commissioner Landis reconsidering his plans to hold a joint meeting of the major leagues in New York, December 14, as originally scheduled, regardless of whether there is American league participation in the session.

The American league club owners are scheduled to hold their annual meeting in Chicago, December 13.

Commissioner Landis made his decision plain tonight when he refused for a statement, but his only reply was that the joint meeting would be held as announced. He explained he had issued his call for the meeting three weeks ago; that every club owner and official of the two leagues had been informed, and that the call had been issued on the assurance given during the world's series that both the American and National leagues would hold their annual meetings in New York.

President Johnson of the American league in the presence of several club owners of both leagues said the annual meeting of his organization would be in New York Commissioner Landis said tonight.

"Consequently, I thought it advisable for a joint meeting at the same time."

"It was my intention when I became commissioner to hold joint meetings every year, either in New York or Chicago, first in one city and then the other. It was my plan to hold a joint meeting in Chicago this year until the questions of the meetings came up in New York during the world's series."

Everywhere the feeling prevailed that a misunderstanding had resulted and that President Johnson probably would rescind his call for a Chicago meeting and gather his forces in New York next week.

After a brief session the club owners of the American association adjourned tonight without adopting a schedule for the 1923 campaign.

The starting date will be dependent upon the date selected by the majors for the opening. The minor leagues and practically all of the major league clubs have arranged exhibition games on the basis of the major leagues starting the 1923 pennant race on April 17, but the American league club owners apparently are unsettled on the subject and may decide to open on April eleven.

President Hickey of the American association said he would call a schedule meeting probably for Chicago when the major leagues decided on their opening dates. It is probable that a 168 game schedule will be adopted.

Pitcher James Bagby a veteran with the Cleveland Americans

was sold today to the Pittsburgh Nationals, but the purchase price was not announced.

The minor leaguers held a brief session this afternoon, heard Secretary Farrell's report, and adjourned until tomorrow.

Secretary Farrell presented a proposal from the major leagues to raise the player limit from 40 to 50, which would give the majors an opportunity to have 25 players in the minors under option. The move probably will be opposed tomorrow.

OLD JACKSONVILLE
REMITS FROM THE PAST
(BY ENSLEY MOORE)
Member Illinois State Historical Society
Those who faithfully improve their minds by reading the O. J. papers enjoyed meeting some comparatively young old acquaintances, but there were much older ones worth knowing.
Mrs. Asenath Kellogg Munday wrote, in 1879, from Brighton, Ill., that "the first preaching in Morgan county was at our house, (Col. Seymour Kellogg's, out north east of town). The first school taught was by my sister in a log cabin without any doors or windows, in 1821" (over a hundred years ago). It is a pity that a picture of that Miss Kellogg is not to be had. The Kelloggs were from New York state, as has previously been stated in these columns.
Judge William Thomas was from Kentucky, where they did not enjoy such advantages for learning as our old East did, but coming here in 1826, he brought in his head enough knowledge to teach the first school in Jacksonville, itself, in that first meeting place, about where the Lutheran church is now, near Mauvalsterre and College streets.
Judge Thomas died with George Washington, if he did not exceed that illustrious man in varied public services.
Little of the history of public matters here, during the first half century of Morgan could be told without references to the old Judge.
Col. Seymour Kellogg not only was one of the first settlers of the county, but he made his mark when he platted or surveyed the towns of Jacksonville, Exeter, Naples, Beardstown, Meredosia, Perry, Griggsville and many other places. He kept the first store in Exeter, and was official factotum of the little town. He hauled his own goods in a wagon from St. Louis, Mo.
James G. Swinnerton had a Point, out west of town, there the county was organized.
Gen. Murray McConnell must always be known by any one professing to be posted about our early days here. He came up the Illinois river in 1819, and was another of the prominent firsts. He was such in War, in politics, in improvements and in law. He was also first of our people to hold a bureaucratic Federal office in Washington City.
When The Reeves came here—Lazarus, John, Isaac and Huram, with Miss Keren Reeve and Mrs. Martha Reeve Crain—in 1820, there was the beginning of our first factories, a blacksmith shop.
The Rev. N. P. Heath says of this establishment, "It was a mammoth structure, as big as all our doors. Talk about your modern watch factories, and reaper factories, why the outside walls of Reeve's blacksmith shop extended as far as the lines of creation, to say nothing of the interior arrangements." It was Isaac Reeve, Sr., who had this great establishment.
Six of the Reeves, dined together in 1877.
Isaac Dial did not then know that, in years to come, one of his then unborn relatives would run a wire around here on which everybody in the town and county could talk to each other at the same time. And that does not tell what the women of his family could do with the primitive "grapevine telegraph."
Jedediah Webster may not have made a speech here in early times, as Daniel Webster did, but he had been a soldier, and was probably the first man here of martial experience, unless it was Seymour Kellogg. They both flat-boated down the Ohio from the East.
Think of
Stephen Olmstead whose paternal log cabin sheltered the first court of justice ever held in Old Morgan; or of Aaron Wilson, the first County Judge; or Archibald Job the first statesman Morgan sent to the State Senate; or John or William Wyatt, who had not then made the acquaintance of Col. William J. Wyatt.
Why Overlook
Joseph Buchanan, John Bradshaw (who went to Nebraska, or his son did), Lott Luttrell, Johnston Shelton, Francis Petree, Isaac Fort Roe (who was the first white man to be buried in the county), Col. Joseph Morton (State Senator), and many others who came along "in the twenties."
What did they do?
The wild prairies were fenced, plowed and sown, and wild grass yielded to corn, wheat, oats etc. Homes were established, fruit trees planted, live stock imported and the savages' hunting ground converted into as charming a farming region as beautifies the earth.
The other night, at Grace church, Dr. Lyman, from the Near East told of making the refugees raise cotton and shear sheep that they might be clothed. But he, and few of his auditors knew that our early settlers raised cotton and sheep here for the same purposes.
evening of this week, December 5th. The Minstrel show by the seniors, the play by the sophomores, the stunt by the freshmen and the mock wedding by the juniors will be repeated that evening in the high school auditorium.
The proceeds of this performance will go to the Athletic Association which is at present considerably behind financially. There are a number of things that must be purchased for the equipment of the basket ball team and it is hoped that there will be a large audience at the performance Friday night.

MAY REPEAT H. S. MINSTREL SHOW
The Minstrel Show and stunt program given at the High school on Thanksgiving night, met with such general approval and was such a great success that there have been numerous requests that the performance be repeated. In the opinion of all that saw the show, it is by far the best program of its kind that the high school has ever put on.
It was decided therefore at the weekly high school faculty meeting, that the classes be permitted to repeat the program on Friday evening of this week, December 5th. The Minstrel show by the seniors, the play by the sophomores, the stunt by the freshmen and the mock wedding by the juniors will be repeated that evening in the high school auditorium.
The proceeds of this performance will go to the Athletic Association which is at present considerably behind financially. There are a number of things that must be purchased for the equipment of the basket ball team and it is hoped that there will be a large audience at the performance Friday night.

Market Report

By The
Associated
PressPRICE OF WHEAT
TAKES A DROP

Chicago, Dec. 5.—Wheat underwent
a setback in price today largely as a
result of increased selling due to
stock market weakness.

The close in wheat was unsettled
3 to 4¢ net lower with May \$1.15 to
1.15½ and July \$1.07 to 1.07½. Corn
lost to 1½¢, oats finished 1½¢ to 1¢
advance and provisions down five
cents to 15 cents.

Talk of farm relief legislation at
Washington counted also to some ex-
tent as a temporary bullish factor.
Simultaneous with bullish develop-
ment in the stock market talk be-
came current that receipts of corn
here from Iowa promised to be much
larger soon and holders of December
contracts started to unload.

About the same time, reports of a
slowing up of flour demand were like-
wise in circulation. In the absence
of any aggressive buying, wheat prices
dropped quickly. Toward the end
of the day pressure to sell dimin-
ished and the wheat market was
rallying again at the last.

Big elevator interests were said to
have been among the principal sellers
of corn. Houses with eastern con-
nections were also active in letting
go of the December delivery. The
oats market displayed considerable
resistance to following the leader-
ship of corn and wheat.

KANSAS CITY MARKET
REVIEW

Kansas City Stock Yards, Dec. 5.—
Receipts today were 26,000 cattle and
5,000 calves. In addition to this sup-
ply 10,000 cattle and 1,200 calves
were held over from last week, mak-
ing a total of 42,200 cattle and
calves in the yards today. Of this
supply there was a liberal run of
good to choice Colorado mountain
stockers and feeders slightly more
than normal supplies of Texas, Okla-
homa, New Mexico and Kansas thin
cattle, and normal offerings of fat
grades. The total supply was double
that of a year ago. Because of the
large supply available prices ruled
weak to 25 cents lower, and the de-
mand was not sufficient to make a
very good clearance. On this account
prices will be still lower before the
week-end. Choice stockers are sell-
ing at \$6.50 to \$7 a few selected
bunches up to \$7.35 and the ordinary
to plain classes at \$4.25 to \$5. Some
choice fleshy feeders suitable for a
short finish sold at \$7 to \$7.50, and
most of the straight feeders brought
\$5.50 to \$6.50. Common quality feed-
ers sold at \$4.50 to \$4.85, and live
worth the money. Stock cows are
bringing \$3 to \$3.50, stock heifers
\$3.75 to \$5.25, and stock calves \$4.50
to \$7, few above \$6.25.

The hog market after showing a
strong rally early last week started
down on Thursday, and today fur-
ther declines took quotations under the
8 cent level. The run today in Chi-
cago 64,000, was the largest of the
season, and the break in prices there
was responsible for declines else-
where. The top price here was 88
and bulk of sales \$7.75 to \$7.95. Pigs
sold at \$7.25 to \$7.90 and the lowest
of the season.

Sheep and lambs are 50 cents high-
er than a week ago with trade active.
Fed woolens are selling at
\$13.75 to \$14.50, clipped lambs \$12.50
to \$13.25, yearlings \$11.50 to \$12.50,
wethers \$7.75 to \$8.50, ewes \$6.50 to
\$7.50, and feeding lambs \$12.50 to
\$13.25.

WHITE HALL HAS MANY RESIDENT PASTORS

Greene County Town Has Fourteen Ordained Baptist Ministers in Addition to Those of Other Denominations.

WHITE HALL, Dec. 5.—There is quite a contrast with respect to ministers of the gospel at Carrollton and White Hall. Carrollton has one resident minister in Dr. Christie Galeener, pastor of the Methodist church, whose resignation has been tendered to his church authorities, but who expects to stay until January 1. Along about that time the Baptists expect to have a pastor in Rev. J. A. Carville of Carthage. Carrollton has four churches, and the dearth of ministers seems to have come along as it happens.

White Hall has six churches all of which have pastors. The Catholic church has no resident pastor, and neither has the Tabernacle Baptist church, but in the latter case Rev. Homer Evans, a resident of Scott county, has been

planning to move to White Hall. When Rev. Evans gets here he will make fifteen ordained Baptist ministers resident in White Hall. Rev. L. E. Ellison is pastor of the First Baptist church, and Rev. B. P. Drake is again here, after a residence of a couple of years at Palmyra and Medora. The others are Revs. J. O. Raines, E. L. Wendell, A. P. Gregory, J. T. Green, A. J. Johnson, W. W. Lewis, Evangelist L. C. Bauer, Elijah Anthony, Roy Anthony, C. E. Hudson, William Taylor, Roy Marsh. Then there are exhorters in George Howard, Harley Anthony and John Briscoe, who sometimes preach, but who are not ordained. Rev. Ed James, at this time here on a visit, is pastor at Monroe, Iowa, and is not qualified for inclusion in the White Hall Baptist list, as are neither F. M. Crabtree or W. R. Johnson, the former studying at Jacksonville and the latter just recently resigned at Winchester. In the case of Rev. A. J. Conlee it is necessary to divide honor with Roodhouse in claims on him as he lives in the country east of White Hall in White Hall township, but his farm is perhaps closer to Roodhouse than to White Hall.

The White Hall pulpits are manned by high class ministers. These are Revs. Lee A. Hanchett, Presbyterian; James O. Kirkpatrick, Methodist, and Charles Ross, Christian, in addition to Rev. Ellison, First Baptist. There are no resident ministers of other denominations in White Hall, than the Baptist. Rev. Harry R. Evans, son of Mr. and Mrs. C. A. Evans, is Methodist pastor at Forest City.

Ministers find White Hall a congenial location for their work and from which to reach various charges. This congeniality is not perhaps because of an excess of the church spirit, but it must be admitted that there is an earnestness and seriousness in the general attitude toward the church that ministers of all denominations appreciate, and this would perhaps be more manifest in attendance and membership were it not for the necessity perhaps of forms and beliefs that give distinction between denominations when a clear cut promotion of better thinking and reverence embraces all people with the possession of the better instincts. Independent action in behalf of larger attendance upon church services usually falls before the demands of church usage and nonsensical beliefs when such operates as a barrier to the largest influence for real good that the church should exert in its claim for public support.

FIRPO TO RETURN

HERE TO FIGHT

New York, Dec. 5.—Louis Firpo, South American heavyweight pugilist, cabled Tex Richard today that he would return to this country in the near future ready to fight.

Firpo's message was in reply to an offer from the New York promoter for a match in January with either Bill Brennan or Floyd Johnson.

A Student's Eyes

Shru vision most knowledge reaches the brain. Scientific observations must not be clouded by poor eyesight—that is why you see so many scientific men wearing glasses—they realize the importance of eye care. Good vision is one of the surest stepping stones of success.

JELKE GOOD LUCK MARGARINE

The Finest Spread for Bread

Made from Pure Farm Products

Jelke GOOD LUCK Margarine is churned from the finest food products of American farms. The wholesome beef and pork fats used in its preparation come from Government-inspected food animals. The milk with which GOOD LUCK is churned is received sweet and fresh each day from more than 300 farms maintained at the highest standards by our own inspectors.

Jelke GOOD LUCK is churned and packed with scrupulous care. Our great sanitary churnery is a miracle of modern cleanliness.

City and country people serve Jelke GOOD LUCK with pride—in fact, many farmers prefer it to spreads they can make themselves. Both appreciate its delicious flavor, universal freshness and uniform quality. Both value the wholesomeness of a product whose ingredients are of American farm origin. For sale by first-class dealers everywhere.
